For North Carolina—Fair Tuesday; cooler in the interior Wednesday; fair except rain on the coast; variable winds becoming fresh northeast.

Raleigh is making great preparations to let Charlotte and Greensboro know that they will not be on the map on the 19th of October.

Southern folks got mighty huffy because President Roosevelt was not at all particular as to the color of some with whom he shared the gravy at the White House, but just the same they invited the President to come South to see how white he could be treated when they are not doing campaign stunts.

Says the Charlotte News: "The insurance companies may not be made to suffer under the law, but there is another way of punishing them, and that is wholly in the hands of the public." Haven't the poor insurance companies suffered enough? It would be a good idea to make some of the frenzied financiers suffer for making the insurance companies suffer.

Says the Greensboro Telegram: "The news from Washington is that other counties besides Wilkes will be probed for graft. It is difficult to see any excuse for not treating all alike. Graft is as objectionable in one place as another." Well we should say that Spence Blackburn will consider it a powerful onery trick for them to expose his friends and let theirs run to cover.

The Binghamton, N. Y. Press remarks: "A Virginia judge recently ruled that a stolen kiss is worth $20. A Missouri judge yesterday decided that $300 is the proper figure. Does this mean that Missouri girls' kisses are sweeter than those stolen from the maids of Virginia, or was the Virginian a poor judge of such commodities?" Having passed through Virginia we can say without fear of successful contradiction and with utter disdain for argumentation that the man who paid the twenty is $980 to the good.

FIVE STEAMERS IN A DAY.

Big Ocean-Going Freighters Arrive for Cotton—Clearance.

Five British steamships, of a combined net register of more than 10,000 tons, arrived in port yesterday, four of them for cargoes of cotton from Messrs. Alexander Sprunt & Sons, and the fifth with cargo of kainit for the Virginia-Carolina Chemical Company; vessel to Heide & Co. The arrival of cotton steamers were: Nyanza, 2,642 tons, Capt. McCaulay, from New York; Bertholey, 2,433 tons, Capt. Bride, from Rio Janiero; Nyassa, 1,786 tons, Capt. Baker, from Philadelphia, and Othello, 2,398 tons, Capt. Cox. from England, via Delaware Breakwater. The steamer with kainit is the David Mainland, 1,201 tons, Capt. Clark, from Hamburg. The arrival of the steamers marks an important day in the port's shipping and emphasizes what a vast business is done here by Messrs. Alexander Sprunt & Sons in cotton exporting.

The British steamer Bloemfontein cleared yesterday with cargo of 8,242 bales of cotton, consigned by Messrs. Sprunt & Son to Liverpool. The value of the cargo is $439,190, and is the fourth to go from this port the present season. The steamers which arrived yesterday are of much larger carrying capacity than any which have visited the port before this season and will average somewhere near 15,000 bales each.

MAYOR'S MONDAY LEVEE.

Few Cases of Interest Yesterday—Charged With Wine Sale.

The Mayor's Monday court yesterday presented few cases of interest. Rena Baker, colored, was fined $10 and costs for disorderly conduct, in default of which she will go to the workhouse for 30 days. Joe Davis, colored, disorderly conduct, was fined $10 and costs. A similar charge against Henry Davis was not so aggravated, and he escaped with $5 and costs. London Johnson, colored, was charged with disorder, but was represented by Thos. D. Meares, Jr., Esq., and escaped without fine or costs.

During the trial of Joe Davis, it cropped out that Joe Burnett, a colored storekeeper at Sixth and Nixon streets, had been dispensing some kind of liquid on Sunday, that was not quite so tame as soda water. A warrant for his arrest was sworn out and he was arrested by Policeman H. P. Merritt after court. He will be tried on a charge of selling wine, in the Mayor's court to-day at noon.

NEW CAPE FEAR STEAMER.

Capt. J. W. Harper Purchases Lillie For Excursion Boat.

Capt. John W. Harper has purchased from the State of North Carolina the steamer Lillie, formerly used by Oyster Commissioner Webb, of Morehead City, as an oyster patrol boat. It was formerly the pleasure yacht Celeste and was brought around from Beaufort. N. C., for a thorough overhauling here, after which she will be put on the Wilmington and Carolina Beach line next season.

The Lillie is 85 feet long and 16 feet beam, is capable of developing a speed of 11 miles and will carry comfortably 200 passengers.

The work of repainting and refitting will be begun at once. A new boiler is to be installed and her engines will be put in first class condition.

The deckhouse of the steamer will be rebuilt and newly painted, and everything about the boat will be put in the best of condition and looking to the comfort of those who will travel to the beach.

COURT IS IN SESSION

One-Week Term for Trial of Criminal Cases Only Convened Yesterday

JUDGE COUNCIL PRESIDING

Twenty-Odd Cases Disposed of During the Day—L. B. Rogers Foreman of Grand Jury—True Bill for Criminal Assault—Other Notes.

New Hanover Superior Court, Judge T. A. Council presiding, convened yesterday and after organizing for the term, twenty-odd cases of the 118 on the criminal docket were disposed of during the day. None of the important ones, however, will be reached until later in the week. It is doubtful if all the cases can be disposed of this week, but as much headway as possible will be made, and a special term of the court will probably be called to clear up the remainder of the cases and what may accumulate by about November 15th.

Most of the cases disposed of yesterday were submissions. During the afternoon the Grand Jury returned a true bill against Thomas Gillespie, the young negro charged with criminal assault upon a colored girl named Lillie Nixon. the particulars of which will be remembered by readers of this paper. By statute cases of that character must be tried at the first term of the court after the crime and it will, therefore, take precedence over the two other capital cases on the docket. The court has as yet assigned no counsel for the defense of the prisoner. A. J. Marshall, Esq., will appear with Solicitor Duffy for the State, having been employed by relatives of the girl upon whom the assault is alleged to have been committed.

Court met yesterday morning at 10 o'clock and the sheriff returned the thirty-six jurors summoned for the week and of that number the following were excused for the reasons stated: I. T. Dooley, public duty; E. B. Knight, railway engineer; T. B. Carroll, veterinary surgeon; D E. Costin, C. M. Whitlock, suit pending; F. J. Gooding, deafness; Jas. F. Whitaker, necessary clerk; H. B. Peschau, National Guard; W. J. Morris, engineer; R. A. Parsley, suit pending; Geo. Rountree, J. D. Bellamy and Burke H. Bridgers, attorneys.

Penalty against Albert F. Swinson, called and failed; penalty later stricken out upon satisfactory excuse.

The following grand jurors were drawn and Mr. Geo. D. Parsley was sworn as bailiff in charge, viz: L. B. Rogers, foreman; L. F. Saunders, B. B. Jackson, Jno. C. McAllister. R. H. Bowden, E. A. Hughes, J. H. Williams, F. W. Westermann, J. M. Bunting, J. F. Garrell, A. Shrier, Jas. L. Gurganus, S. L. P. Anderson, L. W. Davis, J. H. Russell, H. W. Howard, J. M. Piver, G. H. Heyer.

Judge Council's charge to the grand jury covered a very wide range, being nearly two hours in length. He emphasized the importance of jury service and said that he was embarrassed more in New Hanover by appeals to be released from serving than any other county in the State. He also charged the jury particularly as to the law on carrying concealed weapons and the sale of liquor to minors. The charge as a whole was regarded as a very able one.

Just before the routine of cases was entered upon. Messrs. William M. Bellamy and John W. Gafford, who were recently licensed to practice law, were presented to the court by Hon. John D. Bellamy and duly sworn in as attorneys of the court. Mr. W. M. Bellamy will have offices with his father, Hon. John D. Bellamy, and Mr. Gafford, for the present, is with his brother, W. P. Gafford, Esq., on Princess street.

In the case of F. B. Ullory, protestant, against Wm. A. Guthrie, claimant, involving the ownership of Battery Island, at the mouth of the Cape Fear river, a motion was made by Davis & Davis, attorneys for the defendant, to dismiss the protest for causes stated in the defendant's answer to palintiff's protest, motion to be heard at such time as the court may fix for that purpose. It was subsequently ordered by the court that the motion be heard at 10 A. M., Monday, October 2nd. A copy of the motion and order was ordered mailed to C. Ed. Taylor, Esq., of Southport, N. C., attorney for Dr. Ullory.

The criminal docket was then taken up and the following cases were disposed of:

John McKoy, larceny; continued for defendant.

Tom Brown, disorderly house; continued.

C. T. Croom, embezzlement; continued.

Joseph Thomas, carrying concealed weapons; called and failed.

Estella Gause, larceny; not guilty.

Sallie Pigford, assault with deadly weapon; not a true bill.

Susan Anne McKoy. assault with deadly weapon; waived bill; pleaded guilty; $5 fine and cost.

Buelah Woodward, assault with deadly weapon; waived bill and submitted; judgment suspended on payment of costs.

W. Blake, assault with a deadly weapon; continued.

Mary Belle Williams, larceny; pleaded guilty; eight months on county farm.

Parson Thompson, false pretence; waived bill and pleaded guilty of forcible trespass; thirty days on roads.

Isaac Galloway, non support; pleaded guilty; judgment suspended on payment of costs.

Ida Fennell, disorderly conduct; appeal dismissed upon payment of all costs before Justice of the Peace and in Superior Court.

Arthur Williams, carrying concealed weapons; pleaded guilty; fined $15 and costs.

Geo. Newberry, assault with deadly weapon; pleaded guilty; fined $15 and costs.

Owen Quince, assault with deadly weapon; waived bill and pleaded guilty; $25 fine and costs.

Joe Kirkham, assault and battery; bill waived; pleads guilty; fined $20 and costs.

Eugene Harris, assault and battery; waived bill and pleaded guilty; fined $20 and costs.

Gealie James, assault with deadly weapon; waived bill and pleaded guilty; three months on roads.

John McKoy, nuisance; continued.

Betsie Mills, assault with a deadly weapon; not a true bill.

John Hutson, carrying concealed weapon; bill waived; pleaded guilty; three months on roads.

Freeman Low and Ida Mitchell, f. and a.; waived bill; pleaded guilty; judgment suspended on payment of costs.

Eddie Flowers and Alfred Hooper, assault and battery with deadly weapon; juror withdrawn and mistrial had.

Eli Lee, assault with deadly weapon; not a true bill.

The grand jury returned true bills against Cato Coatin for assault and battery; H. T. Blake for larceny, and Thos. Gillespie for criminal assault upon Lillie Nixon.

Young Lamb, charged with the killing of Alice Owens, has employed Messrs. Bellamy & Bellamy and Herbert McClammy, Esq., to defend him.

THE PRESIDENT DECLINES

Not Feasible to Change Itinerary of Southern Trip to Include Wilmington, Writes Sec'y Loeb.

The President of these United States regrets that it will not be feasible to include Wilmington in his itinerary of Southern cities to be visited in October. As much was contained in a letter from Mr. William Loeb, Jr., secretary to the President, received by Mr. W. B. Cooper, of the Merchants' Association, on Sunday. The schedule of the trip is already completed and Mr. Loeb writes that it will not be practicable to make any alterations.

This news will be received with sincere regret by many Wilmington people, who entertained just the least hope that circumstances would so shape themselves that Mr. Roosevelt would find it convenient to come. Had the answer been in the affirmative, there would have been no doubt of the enthusiastic welcome that would have been extended to the President of the country. It is to be regretted that the invitation could not be accepted. The letter to Mr. Cooper is as follows:

The White House
Washington, D. C.
Oyster Bay, N. Y., Sept. 22, 1905.

My Dear Sir:—Your telegram of today has been received and I regret to state that it will not be feasible to include Wilmington in the itinerary of the President's Southern trip. The schedule of the trip is already completed and it will not be practicable to make any alterations in it.

Thanking you in the President's behalf for your courtesy, I am,

Very Truly Yours,
WM. LOEB, JR.,
Secretary to the President.

Mr. W. B. Cooper,
President Merchants' Association,
Wilmington, N. C.

THREATENED TO STONE CARS.

Vicious Youngsters at Sixth and Castle Called Down by Police.

Young America asserted itself in a manner early Sunday night that gave much concern for a time to motormen and conductors of the city street car line. The railway employes of late have been worried much by youngsters who congregate at extremities of the belt and annoy them by jumping on and off the cars while in motion, not paying any fare, and placing the boys themselves in great danger of personal injury by being thrown from the cars.

Early Sunday night, one of the motormen adopted the expedient of taking the hat from one of the boys who boarded his car at Sixth and Castle street. At this sally by the street car man, the youngsters became very much incensed, and openly threatened to stone the next car that came around that way. The threat was in such seriousness that some one telephoned headquarters of the car company to look out for an attack. The city authorities were appealed to and policemen were sent to the scene of the threatened trouble. The boys skedaddled at the sight of the blue coats and clubs, and the anticipated trouble was nipped in the bud.

In this connection, the Star is in position to know that the conduct of the boys complained of by the street car men is a positive nuisance. The police of the city now have carte blanche on the cars of the company and they should see to it that boys are not permitted to harass the employes and endanger their own lives in the manner they have for the past several weeks, especially on Sundays.

STRIKE AT ROCKY MOUNT.

Report That Machinists in A. C. L. Shops Have Walked Out.

Yesterday afternoon's Florence Times has the following:

"It is reported that the machinists in the Coast Line shops at Rocky Mount, have struck on account of some disagreement in the labor arrangements.

"The report is that the foreman put ordinary laborers in the machine shops to do machinist's work with the regular pay of machinists. This the machinists resented, but not having been upheld in their complaints, they refused to work, according to the report. The walkout occurred Saturday.

"Nothing definite can be learned as to the report. A Times representative saw several railroad men, but they had heard nothing of it."

Ran Into Laundry Wagon.

About 5 o'clock yesterday afternoon a northbound street car ran into the delivery wagon of the Eagle Steam Laundry on Front street, nearly opposite the postoffice. The wagon was partially demolished and the driver, a young white man, was thrown to the pavement and slightly injured.

BIDS FOR CAMP SITE

Adjutant General and Governor Will Receive Proposals for Permanent Grounds

OF INTEREST TO WILMINGTON

Business Men Will See That Interests of Wrightsville Are Looked After—Committee of Inspection—Other Notes of Interest.

Governor R. B. Glenn and Adjutant General T. R. Robertson are advertising for sealed bids for a site for the permanent camp for the State Guard. Bids will be received until November 1. After they are all in the Governor will appoint a board of officers to go round and inspect the various sites offered and report. Whatever the majority of the board recommends Governor Glenn will approve. Donations of money or land, or both, would be acceptable. Towns or cities who desire the encampment will be interested in this news. The formal notice, calling for the bids, is as follows:

"In order to carry out the duly expressed wishes of the officers of the North Carolina National Guard for a permanent place of encampment, sealed bids will be received until November 1st next, from corporations or individuals, offering donations of land or money, or both, to secure the establishment of a permanent camp site.

"R. B. GLENN,
"Governor and Commander-in-Chief.
"THOMAS R. ROBERTSON,
"Adjutant General."

The above notice came somewhat in the nature of a surprise to many Wilmington people interested in securing the permanent site for Wrightsville, but they are not caught unawares and in the ample time that is afforded, will strongly put up their side of the case to the Governor.

It is known that a majority of the rank and file of the National Guard favor Wrightsville and those behind the movement here are confident they can offer fully as strong inducements as any place in the State.

Ere the time expires for the proposals, Wilmington will have in a strong bid for the permanent site and there is every reason to believe that she will get it. The whole business community is interested in the movement and it is hoped that every man will respond to the call of the leaders to make Wilmington's bid just a little stronger than that of any other town, city or county in the State.

IN EXCITING RUNAWAY.

Mayor Pro Tem O'Brien Had Narrow Escape from Serious Injury.

Mayor Pro Tem. O'Brien had a narrow escape from serious injury in a runaway in front of his residence on North Front street yesterday morning between 10 and 11 o'clock. A horse and buggy was in waiting in front of Mr. O'Brien's home to take him over the street work, going on in various parts of the city. Mr. O'Brien was just coming out of his gate when the horse, which had been left standing, appeared to take fright at something. Mr. O'Brien thought he would have better control of the animal in the buggy, and leaped in to catch the reins. As he did so, the horse gave a plunge and threw him in the foot of the buggy. About the same time the animal began kicking over the dash board, and Mr. O'Brien was struck a glancing lick in the face as he nearly gained the seat. The blow and the prancing of the horse threw Mr. O'Brien between the wheels on one side of the buggy, but he held on to the reins, being dragged to the corner of Front and Walnut streets, a distance of nearly half a block. There the horse got one foot over the shaft and became entangled in the lines, falling to the ground. The buggy was partially demolished by running between two telegraph poles. As soon as the horse was stopped, a colored man ran out and assisted Mr. O'Brien in extricating the animal. Mr. O'Brien received a number of severe bruises, but will not be seriously inconvenienced by them.

The runaway was witnessed by a number of people in the street, who were sure that Mr. O'Brien had been very seriously hurt, but after the affair he appeared least excited of all of them.

Well Known Citizen Passed Away Yesterday Afternoon—Funeral.

Many friends will learn with sincere sorrow of the death of Mr. Thomas G. Register, which occurred at 4:30 o'clock yesterday afternoon, of hemorrhage, at the family home No. 806 Princess street. ATTACHED FUNDS IN BANK.

Secretary of Lumber Company Serves Summons on Timber Operators.

In a case entitled E. H. Silliman against John Moores, O. B. Law, Charles Jordan and Wm. Durham, an attachment was served yesterday upon whatever funds the defendants may have in the Atlantic National Bank of this city. The affidavit alleges that the defendants are non-residents of the State and are indebted to the plaintiff in the sum of $3,625, the same being for a sum of money due by contract to pay the same. The cashier of the Atlantic Bank is summoned to appear at the term of Superior Court to convene October 2nd and answer upon oath what the bank owes the defendants John Moores and Charles Jordan and what effects of the defendants the bank has in its hands at the time of the serving of the attachment and what effects or debts there are in the hands of any other, and what person or corporation, to the cashier's best knowledge and belief.

Mr. Silliman, the plaintiff, is secretary and treasurer of the Waccamaw Land and Lumber Company, and the defendants are from the West, who have been interested in timber deals in this section of the State, out of which it is presumed the controversy arose.

QUARTERLY STATEMENT.

Disbursements of City Fund for Three Months Just Ended.

On the third page of the Star today will be found an official statement of the disbursement of the city fund for the quarter, embracing the three months just ended. The statement is published by order of the Board of Audit and Finance some time ago. The Board took the view that inasmuch as it was the public money that was being expended, the public should have some means of knowing generally when and for what the disbursements were made. The Star feels sure the periodical publication of these reports officially will be appreciated.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

Tuesday Morning, Sept. 26.

JUST NOW SEEING THE EVIL

President Roosevelt, it is said, favors the refunding to the insurance companies of the big subscriptions which they made to the Republican corruption fund in 1904. It is very easy now to see the enormity of the thing after exposure has come, but it is a matter of fact that the Democrats howled incessantly about it while the subscriptions were being taken. The Star was among those who denounced it while the deed was being done and we are rejoicing that the infamy has been uncovered. The excuse has been made for President Roosevelt to the effect that he had nothing to do with the Republican National Committee and cannot be held responsible for its actions, but we well remember that for a long time the President ran his own campaign and finally turned it over to George B. Cortelyou who was his own selection as national chairman. He has since honored Mr. Cortelyou and that gentleman certainly knows about the subscriptions which were wrongfully made to the campaign fund. He knew it was wrong at the time, too, for the Democratic papers were vehemently declaring it day in and day out. The President might call for Secretary Cortelyou's resignation but he won't.

The New York Journal of Commerce reminds us that Ex-Senator Chandler of New Hampshire, writes to the "Tribune" an account of the beginning of contributions to the Republican campaign fund by corporations during the sound money campaign of 1896 and the effort that followed to put a stop to what was recognized as a dangerous evil. It is time that effort was renewed, for the public mind is now in a condition to give earnest support to it. Mr. Chandler admits the contributions of 1896 and attributes them to the fact that "nearly all Democratic directors were against Bryan and in favor of Mr. McKinley." At the following session of Congress, a resolution was introduced in the Senate calling for an investigation, but "nothing but futile debate having come to pass as a result of the well known political contributions by corporations in the canvass of 1896, of course, the system continued to prevail in 1900 and 1904." In 1901 Mr. Chandler introduced a bill in the Senate prohibiting such contributions by National banks or corporations engaged in interstate commerce, or by any corporation "in connection with any election at which a Representative in Congress is to be voted for, or with any election or attempted election of a United States Senator." This was reported unanimously by the Senate Committee on Privileges and Elections, but that was the end of it.

Mr. Chandler declares very justly that the moment corporations make contributions for election expenses "government by men ceases and government by corporations, which have no souls, prevails." He says that in every case where such a contribution has been made, unless by the unanimous consent of the stockholders, the officers who have made it "are personaly liable to make a refund," and that "the Attorney-General of New York should cause suits to be instituted to recover all political contributions made by the insurance companies, and Attorney-General Moody should cause suits to be brought to recover such contributions made by the National banks and the corporations engaged in inter-state commerce."

So we see that as far back as 1901, Mr. Chandler, a Republican Senator, endeavored by introducing a bill to correct the evil but his party in Congress pigeonholed it. Long ago it was recognized as one of the evils which threatened popular government, and Judge Parker so recognizing it, structed the Democratic national committee not to solicit or accept subscriptions from corporations. Did President Roosevelt make a similar request or give such enstructions to his national committee?

THE APPLE INDUSTRY.

An apple show began in Asheville last week and judging from the notices of the exhibits, the display of fruit would be a sight worth seeing. We can well imagine that it is, for the finest apples we ever saw or ever tasted were grown in the mountain region of North Carolina. However, the apple industry and fruit growing generally in North Carolina is fearfully neglected, and if the Asheville show will serve to encourage the orchard business, it will serve a good purpose. Fruit growing ought to bring millions of dollars into North Carolina and eventually the adaptibility of the State for the business will be recognized and the attention it deserves will be forthcoming.

The following is a news item which we take from Sunday's Raleigh News and Observer:

"People can better be convinced of condition, if they are brought into touch with the material results growing out of them. The Land and Industrial Department of the Southern Railway, realizing this, has been exhibiting for several weeks at fairs in the Northern and Western States a collection of products from the territory traversed by its lines. These exhibits have attracted marked attention, and have been the means of informing thousands of people of the opportunities offered by the South to the farmer, stock-raiser, manufacturer, etc. Printed matter descriptive of lands and business openings of all kinds along the Southern Railway has been distributed from these exhibits among people earnestly seeking information concerning the resources of the South and the advantages offered. Among the various products displayed were some fine specimens of apples, the superiority of which is shown by the following:

"'New York State Fair.

"'Syracuse, N. Y.

"'In recognition of the fact that the apples exhibited by Mr. J. E. Hall, of Waynesville, N. C., and The Stuart Orchard Company, Stuart, Va., in the Southern Railway exhibit arrived too late to enter for award, we wish to express the opinion that these apples are the finest specimens exhibited at the New York State Fair, and had they been properly entered, would have received highest award.

"'H. S. WILEY,
"'ALBERT WOOD,
"'Judges.'"

"September 14th, 1905."

"To appreciate the force of the above, it should be borne in mind that the region surrounding Syracuse is one of the oldest and most important apple-producing sections in the United States."

Here we have the palm awarded to North Carolina apples by people who know what apples are and live where the South largely gets its apple supply. We ought to grow our own apples if we do not really compete with the Northern grower for the trade of our large cities.

CURRENT COMMENT.

—Mr. Paul Morton insists that $1,000,000, improperly diverted from the Equitable Life, shall be returned. Why that man apparently wants to put insurance on a sordid business basis.—New York Herald.

—Somebody having asked, "What constitutes a beautiful girl?" The Wilmington Star answers: "Not face, nor figure, nor clothes. These make a woman pretty, but she is beautiful when she is sincere, gentle, pure in heart and devoted to her mother." That answer, we think, is well conceived.—Charlotte Chronicle.

—The British cotton spinners are seriously considering moving their machinery to the United States, and some of them have already arranged to do so. This is the logical result of high tariff and high cotton. The South has room for the new plants from Lancashire, and plants from New England, too.—Atlanta Constitution.

—The birthplace of Andrew Jackson is to be marked by a suitable monument. The Daughters of the Confederacy of Mecklenburg county have the matter up and are raising funds to pay for the marker. President Andrew Jackson was born on what is now Mr. J. L. Rodman's farm in Jackson township, this county.—Monroe Journal.

—Senator Elkins of West Virginia is alleged to be backing Cole Younger, the ex-bandit, in a street railroad scheme, out of gratitude to Younger for saving his life. It seems that some years ago Cole had a fine chance to kill him and didn't do it, wherefore gives his purse to Cole whenever he wants it. At any rate, that is the gist of the story that is being told.—Charliotte Chronicle.

—Mr. Roosevelt wouldn't listen to his advisers in October, 1904, when Judge Parker said that corporations were putting up big money to elect Roosevelt. His stinging sentences of denial made him many votes. Why is he silent now in seven languages when the testimony proves that Judge Parker was right? Judge Parker did not say then that Roosevelt was a party to the corruption. But he was the beneficiary of the abstraction of trust funds. He ought to compel Cortelyou to pay it back. Will he be as defiant now and as courageous as in 1904?—Raleigh News and Observer.

—It does beat the world how jealous we all are. We are always ready to jump out and praise some fellow who is engaged in something that doesn't cross our path. He is a crackerjack if he is working in another field. But the moment he gets over into our front yard we begin to knock him. All of us are too much stuck on ourselves. The lawyer thinks he knows more that the fellow who is on the other side. When the other fellow skins him he lays it on the justice. When some fellow beats our time with a young lady we always say: "It does beat the dickens what fools these girls will make of themselves." There is a business that would beat Standard Oil profits if it could be worked. Just buy men for what they are worth and sell them for what they think they are worth.—Osborne (Kan.) Farmer.

TWINKLINGS.

—Agent—"I'd like to sell you this bottle of 'Mosquito Exterminator.'" Mr. Jackson—"Nothing doing. I'm a manufacturer of mosquito netting."—New York Sun.

—Cooke—"Do you think Dr. Kwacker's cough medicine does any good?" Ashley—"Not unless the directions are followed." Cooke—"What are the directions?" Ashley—"Keep the bottle tighly corked."—Woman's Home Companion.

—"Miss Oldum is an ideal batchelor maid. She cares nothing about men." "Is that so? Now let me tell you something. I picked up her prayer book yesterday, and it fell upon naturally at the marriage service."—Cleveland Leader.

—"Is Mr. Scadds a man of scientific distinction?" "Yes, indeed," answered Miss Cayenne. "He has so many college degrees that when he sends in his card you can't be sure whether it is his name or a problem in algebra."—Washington Star.

—Mrs. Gadder—"John, you told me you were at home every night, thinking of me, while I was in the mountain." Mr. Gadder—"Y-yes, p-pet!" Mrs. Gadder—"Look at this gas bill. Only 27 cents for the months of July and August."—New York News.

—"Love," remarked the man who comments on things, "laughs at locksmiths with impunity." "Yes," replied Senator Badger, "that's right. In fact, I have always noticed that it will invariably make a fool of itself upon the slightest provocation."—Milwaukee Sentinel.

—"A strange hair can make a lot of trouble in a household," observed a philosophical citizen. "What's the answer?" inquired the facetious citizen. "If it's found in the butter the husband raises a rumpus and if it's found on his clothing the wife throws a fit."—Pittsburg Democrat.

—Excited Wife—"Wake up, Henry! The house is on fire." Sleepy Husband—"Great heavens! Now we'll have to move again!"—Answers.

—Fogg—"I heard a pretty compliment paid you the other day." Mrs. Passy—"Indeed! May I ask what it was?" Fogg—"I heard someone say how pretty you used to be." Mrs. Passy—"Used to be! Do you call that a compliment? I call it an obtuary notice."—Judge.

THE COTTON MARKET.

New York, Sept. 25.—The cotton market was very firm early in the session, but later eased off under realizing, and closed barely steady, net unchanged to 8 points lower. Trading was fairly active and sales for the day were estimated at 550,000 bales. The opening was somewhat irregular, but firm in tone with near months, 5 points lower under realizing induced by lower cables and good weather Sunday, while the late months were unchanged to 3 points higher on bull support and reports of very firm conditions in the Southern spot markets. Inside of twenty minutes the general list showed a net gain of 7 to 10 points on continued bull support and covering and after a brief reaction of 3 to 4 points there was another bulge just before mid-day on rumors that the Wall Street bull pool had reached an understanding with the Association of Growers. This carried prices somewhat higher. Around this level, what represented an advance of about 65 points from the low level of the month, there was increased realizing and the market in the afternoon ruled generally easier. Southern spot markets were unchanged to 1-4c. higher, confirming private reports received early in the day.

A WOMAN TO BE PRETTY,

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes C. J. SPIRITS TURPENTINE.

—The Salisbury aldermen have passed an ordinance prohibiting street carnivals.

—Carthage had a $7,000 fire Saturday morning, the residences of Mr. Lucien Tyson and Mrs. Fannie D. Shaw having been totally destroyed. The fire started in Mr. Tyson's kitchen.

—Charlotte Observer: "You may say in the Observer that Governor Robert B. Glenn will try Senator Lee S. Overman, a whet for a seat in Congress four years from now," said a weatherwise politician prognosticator to an Observer man yesterday. "There is no doubt in my mind as to what the Governor is going to do about running." This would add to the gayety of nations, and anything that does that would be welcomed in North Carolina. The average Tar Heel does not like a dull time.

—Mr. Walter R. Henry, of Charlotte, has sent to the Hall of History a photograph of the Federal Steamer Star of the West, which took supplies and fruits for Fort Sumter and which was fired upon by the South Carolina troops January 9, 1865, and forced to turn back. Afterwards this vessel went up at Yazoo river in Mississippi and was destroyed by the Confederates. In 1888 the figure head was dug up and was bought by an uncle of Mr. Walter R. Henry, Dr. J. P. Henry, a native North Carolinian of long residence in Mississippi. It was desired to get this figure head for the collection to Raleigh but it is in the Mississippi State Historical collection.

—The Charlotte Observer's Raleigh correspondent on Saturday had an interview with an ex-Democratic State chairman regarding the political outlook in North Carolina. He said: "All the talk about North Carolina being in danger of being lost to the Democrats is idle. There is nothing in it, but a very considerable number of the young men are more inclined than ever before to look with favor upon the Republican party. In the last election the Republicans were able to poll about 81,000 votes in this State, and I think they will be able to show perhaps as many as 90,000. They are lucky devils, as the phrase goes. While, as I have said, there is no danger of any defeat for us, we cannot afford to sit still and take things easy."

—The city of Asheville has a novel damage suit on its hands. At the meeting of the board of aldermen Friday night Joseph Metz, administrator of William Smith, late resident of Asheville, served notice on the board according to law that he would bring suit for the recovery of $15,000 by reason of the death of Mr. Smith. In the notice served it is alleged that the deceased died of fever August 18, 1905, and that his death was due to the negligence on the part of the city in emptying sewerage and garbage in the Reed branch in the northern portion of the city and within 100 feet of the deceased's residence. It is alleged that the deceased contracted the disease because of this sewrage and garbage flow and that the city is responsible.

—A dispatch from Winston-Salem on Friday says: At a meeting of the Sons of the Confederate veterans last night, called for the purpose of arranging for a big parade on the occasion of the unveiling of the Confederate monument, October 3, it was decided that the marshals shall be mounted and wear regalia in the parade, Messrs. H. V. Horton, H. L. Riggin and Col. G. E. Webb being appointed to select the regalia. The parade is planned to be one of the largest and most imposing ever held in North Carolina. It will include visiting divisions of Daughters of Confederate veterans from several places. There are eight or ten floats, consisting of young ladies. A band of music will head each division. Also there will be 1,000 school children present to sing in chorus during the unveiling exercises.

—A dispatch from Maxton says: "Mr. W. R. McNeill, postmaster at Buie, was tried here today before United States Commissioner B. F. McLean, the charge being embezzling money in the form of a check passing through his hands. The plaintiff, Geo. F. Spalding, a mulatto failed to show any evidence of Mr. McNeill's intention to embezzle. The court bound him over to the next term of the Federal Court at Wilmington under a $300 bond, not for the offence charged in the warrant, but for holding the letter addressed to Spalding after the rural free delivery carrier had gone out on the route on which Spalding lived, notwithstanding the fact that this letter had no rural free delivery address. It semed that Spalding had tried to work a pretty little scheme for the purpose of making it appear that Mr. McNeill was tampering with the mails, and then, before bringing it before the courts, try to get McNeill to compromise the case by surrendering to him certain mortgages and a debt which the latter held against the plaintiff. McNeill will not, it is thought, be found guilty. Mr. J. Gilchrist McCormick, of Lumberton, spent today here, representing Mr. W. R. McNeill in his case before United States Commissioner B. F. McLean."

—A dispatch from Elizabeth City on Saturday says: A new-born babe, 24 hours old, was found in a swamp on the edge of the city last night by colored laborers who were passing. The cries were traced to a dense clump of bushes, surrounded by a quagmire, where the infant was found, wrapped in rags. Mary Godfrey, colored, was suspected, but emphatically denied the charge. Later the city physician, accompanied by officers, made an investigation and the woman confessed, after being threatened with arrest. She told many different stories. She said her husband had deserted her several months ago and since then she had been unable to make a living. She said she did not want the birth of the child known and at once decided to carry it to the swamps and leave it, in the hope that it would be found and cared for by someone. At first she said that she secreted it in the swamp Thursday night and that she carried it back home Friday morning, but her last admission was that she had not seen it since she first placed it in the swamp. She evidently heard the child's cries from Thursday night until Friday night, as it was only a short distance from her home, although in a place rarely traversed by anyone. No arrest has yet been made but will probably be this week.

—Charlotte Observer: Regardless of rumors and reports it is almost certain that President Roosevelt can not be in Charlotte longer than ten minutes and will not leave his car. If the people of this community wish to see him, it will be as he stands in the rear end of his train. The President will go from Richmond to Raleigh, arriving there about 5 o'clock the morning of the 19th of October. At 7 o'clock he will leave his train and go to the Mansion, to take breakfast with Governor Glenn. His escort from the car to the Mansion will be composed of a citizens' committee, 200 strong, appointed by Governor Glenn, Mr. Ashley Horn, president of the State Fair Association, and Mr. B. Frank Mebane, chief marshal of the fair, the marshals and the Charlotte Artillery, mounted as cavalry. At 10 o'clock President Roosevelt will go to the fair grounds, where an hour later, he makes an address, after which he will lunch with the marshals. After this programme is carried out the President and party will board his private car, which will be in waiting at the fair grounds, and start for Charlotte via Durham, Greensboro, High Point, Salisbury, and Concord. It is hoped that the train will arrive here at 5:30, but that may prove an impossibility that day. After stopping here a few minutes the special will speed toward Roswell, Ga., where President Roosevelt will stop and see the home of his mother, where she was born and married. The old home stands today and is used as a boarding house. It is of the style of the old Mecklenburg county court house, recently torn down, with colonial columns.

WORKS WONDERS.

A Wonderful Compound. Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Wilmington testimony proves it.

J. S. King, clerk on Market streets, residing at 815 Orange street, says: "I used Doan's Ointment and found it to be a great remedy for itching hemorrhoids. It acted like a charm in my case. I tried all kinds of remedies, but until I used Doan's Ointment I could get nothing to give me positive relief. It is a splendid preparation and you are welcome to use my name as one who says so. I obtained it at R. R. Bellamy's drug store."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no other. **

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. **

The Morning Star.

WILMINGTON, N. C.

Tuesday Morning, Sept. 26.

WARM WIRELETS.

The National City Bank of New York yesterday announced a gold engagement in London of about $1,800,000 for import to New York.

The commissioner of internal revenue has signed an order removing the office of the collector for the Northern District of Virginia from Alexandria to Abingdon, the home of the new collector.

Captain A. B. Lecato, Prominent in Atlantic coast shipping and who commanded wrecking expeditions which successfully floated many stranded vessels on this coast during the last twenty years, died at Norfolk yesterday as the result of ptomaine poisoning.

Near Birmingham, Ala., yesterday evening an Alabama Great Southern train northbound collided with the Blockton accommodation of the Louisville and Nashville at the Woodstock crossing. H. H. Marburry, conductor, was killed and sixteen white men and eleven negroes were injured.

Consul General Rodgers at Shanghai cabled the State Department yesterday as follows: "There is no longer any evidence of boycott conditions in or about Shanghai and American trade is active, particularly with the northern part of China, and there has been no stamping of goods (boycott marks) as was reported. On the whole, the condition of affairs seems to be satisfactory."

The situation in the New York dry goods market yesterday showed great strength, especially because of the appearance of buyers from China. These buyers purchased a fair amount of several lines and there was much speculation over the probability that Chinese buyers would extend their purchases to many other lines. A fair trade at both first and second hands was reported.

NORWAY-SWEDEN SEPARATION.

Both Sides Come to Amicable Agreement on Reasonable Terms.

By Cable to The Morning Star.

Stockholm, Sweden, Sept. 25.—The Associated Press has succeeded in securing the text of the protocol signed at Karlstad Saturday by the Norwegian-Swedish delegates appointed to arrange the terms for the dissolution of the union of Norway and Sweden, subject to the ratification of the Riksdag and the Storthing. The historic document, which will become a treaty when ratified by the two parliaments, consists of five main articles and thirty-five sub-clauses. The first article deals with arbitration; the second with the neutral zone and the demolition of the fortifications; the third with reindeer pastures, etc.; the fourth with inter-traffic, and the fifth with common waterways.

The agreement provides for the compulsory arbitration before The Hague court of all disputes except matters of vital interest, for the period of a decade, with extensions for other periods of ten years, unless two years' previous notice is given of an intention to abrogate it.

The treaty provides for a zone on either side of the frontier, which shall forever be neutral and for the demolition of the fortresses within that zone, with the exception of the old portions of the fortifications of Frederiksten, Gyldenloeve and Overjerget, which may remain, but which are not to be used as fortifications. A headquarters staff and garrison may be maintained at Fredericksten to the same extent as prior to the erection of the new fortification. No extension of the Kongsvinger group of fortifications will be permitted nor of the new forts erected within ten kilometres of the old fortress of Kongsvinger.

The ancient privileges of each country's nomadic Laplanders to pasture in the other country are continued. Each country agrees neither through prohibitory import or export laws to in any way interfere with or make difficult the transport or transit of goods. Agreement is made for the presentation of common waterways.

The protocol must be submitted to each country's parliament for ratification, to be mutually binding when Sweden recognizes Norway as an independent country dissolved from the union with Sweden.

M. WITTE IN GERMANY.

Sees Von Buelow and Will Breakfast With Emperor.

By Cable to The Morning Star.

Berlin, September 25.—Chancellor Von Buelow came to Berlin from Baden today and received M. Witte. They talked for more than an hour. The Russian statesman lunched with Baron von Richthofen, the Secretary for Foreign Affairs, the Russian charge d'affaires, M. Boulatzel, also being present. M. Witte and Baron von Richthofen afterward conversed for some time. They had exchanged calls yesterday evening.

Among those who saw M. Witte at his hotel was Ernst von Mendelsohn-Bartholdt, whose house has been Russia's bankers here for a century. Herr Mendelsohn called as a friend and there is no reason to suppose that the question of a loan was even mentioned. Arthur Fischel, a partner in the house, saw M. Witte in Paris and it was reported that a loan was discussed but it is is definitely stated that such was not the case.

M. Witte will leave Berlin tonight and will arrive at Stalluponen the last station before the Russian frontier is crossed, tomorrow. Here he will take a specialtrain provided by the German government and run down a small branch line to Grosse Rominten which is closed in on three sides by Emperor William's 6,000 acre shooting preserve. The Russian statesman will breakfast with the Emperor.

CHAMPIONSHIP BALL GAMES.

Dates to Be Fixed Between Champion Teams of Big Leagues.

By Wire to The Morning Star.

Cincinnati, September 25.—President August Herrmann and Secretary John E. Bruce were re-elected today by the National Baseball Commission which then proceeded to the formation of rules for the series of games for the world's championship between the champions of the National and American Leagues. No schedule of the world's championship games will be announced till the seasoin is finished. For the same reason the umpires will not be made known at present.

FIVE KILLED IN COLLISION

Fast Express Crashes Into Rear End of Local Passenger Near Philadelphia

MORE THAN TWENTY INJURED

Engine of Express Ploughed Ten Feet Into Private Car of General Manager of Pennsylvania Railroad —Prominent Men Killed.

By Wire to The Morning Star.

Philadelphia, September 25.—A rear end collision today between the east bound New York Limited Express from St. Louis and a local passenger train which was standing at the Paoli station of the Pennsylvania Railroad, 19 miles west of this city, resulted in the death of five men and the injuring of more than 20 others. The dead are:

Frank A. Brastow, of Haverford, a suburb of this city, general agent at Philadelphia of the Safety Car Heating and Lighting Company, and a distant relative by marriage of W. W. Aatterbury, general manager of the Pennsylvania Railroad Company.

George M. Fennypacker, foreman of car inspectors in the West Philadelphia yards.

S. S. Walton, Altoona, Pa., steam heat inspector at the Altoona shops of the Pennsylvania Railroad.

Richard Y. Garland, Narberth, asuburb of this city, general foreman of the West Philadelphia shop of the Pennsylvania Railroad.

Carl Dunhaur, Philadelphia, a Railroad employe.

All those who met death were in the private car of General Manager Atterbury which was attached to the rear of the local train. Mr. Atterbury is on his vacation in Maine. He expected to return about October 1, and his car had been overhauled preparatory to sending it to Maine to bring him home. It was sent out in the forenoon for a test run and was attached to a late afternoon local train from Paoli for this city. In the car at the time of the accident were about a dozen men who had been engaged in overhauling the car. Those who were not killed were injured.

The local train was made up in the yard on the north side of the railroad and switched across to the eastbound track, and came to a stop at the station. Before the switches could be set the New York limited came along at a high rate of speed on No. 2 eastbound track, took the cross-over switch and crashed into the local train.

The force of the collision was so great that the engine of the limited ploughed ten feet into the private car, and the latter was forced half way through the day coach ahead.

At the time of the accident there was less than half a doen passengers in the local train and they were in the forward cars which were not damaged. The engineer and fireman of the limited were not hurt but a dozen persons on this train were injured by being thrown against seats and the sides of the cars.

GIRL KNOCKED SENSELESS.

Negro Burglar Made Frequent Raids on New York Residence.

By wire to The Morning Star.

New York, September 25.—Irene Grossman, a girl of 16 years, was found clubbed into insensibility in the hallway of her home at 542 West 142nd. street early today. The attack was the culmination of a series of nightly entries in the Grossman private residence which were intended to enforce, by "Black Hands" methods payments of money for immunity from attack. Beginning Friday night a negro visited the house nightly, appearing only to Miss Grossman and escaping when frightened by her screams. Despite the lookout set for him by the family, he succeeded today in reaching Miss Grossman before she had a chance to give a warning.

The girl's brother told the police that his sister had started for an early morning walk when she was attacked. He heard her scream and ran into the hallway where he found her unconscious but saw nothing of the man. Immediately after the clubbing the police found two pictures in the Grossman home with their faces turned to the wall and notes demanding money written on the backs. On the back of a photograph of Mrs. Grossman was written: "We expected $900 from you. B. F. C." On the back of one of her daughter's pictures was written in the same hand: "We expect $200 from you. B. F. C.'"

In the previous visits to the house the burglar had stolen several valuable pictures and more than $400 worth of silverware.

EQUITABLE RUNS RESTAURANT.

How Many Officers Get Free Eating, Though?

By Wire to The Morning Star.

New York, September 25.—Paul Morton, president of the Equitable Life Insurance Society, made a statement today with reference to the Society's ownership of the Cafe Savarin, the restaurant located in the Equitable building, this city. The statement follows:

"There is nothing new or sensational about the Cafe Savarin. There has been no change in its relation to the Equitable Society which now owns and operates it. I do not like the idea of the Society being in the restaurant business but it is a condition that I found and we will have to continue in the business until I can make other arrangements. It will be my effort to get the Society out of the business although, in lieu of rent, the Cafe Savarin is now netting the Society profits which approximate what the rent ought to be. No officer, director or employe of this Society is interested in any way in the profits of the Cafe."

ITALIAN ANARCHISTS GIVING CUBA TROUBLE

They Were Chief Plotters In Dynamite Plot at Cienfuegos—Havana Lawyer Arrested.

By Cable to The Morning Star.

Havana, Sept. 25.—Complete returns from the entire island, which have been delayed owing to the bad condition of the telegraph service, show that in the elections Saturday uast for members of election boarsd, the supporters of the government were vitorious in every province, not having lost one important place. The victory was so complete that it is now generally admitted to mean the re-election in December of President Palma and the election of the vice presidential candidate Mendez Capote, the leader of the Moderate party.

Colonel Ferrara, secretary to Governor Gomez, the Liberal candidate for the Presidency, was arrested today charged with seditious and revolutionary utterances. This makes the sixth charge now pending against him the others including participation in the burning of the city hall at Vuelta. Colonel Ferrara is an Italian, but he is a veteran of the last Cuban war and one of the most prominent lawyers in Havana.

Additional reports from Cienfuegos received by the government say that the chief leaders in the alleged dynamite plot were two Italian anarchists named Humberto Brunt Bove and Julio Grau, who have been making seditious speeches there and elsewhere for some time. Order continue to prevail through the island.

SUIT TO RECOVER BOODLE.

Captain Carter Served His Sentence and is Being Sued.

Chicago, Sept. 25.—Oberlin M. Carter former captain in United States States Army, who was released from the Leavenworth penitentiary some time ago after having served a five years sentence on a charge of having embezzled money from the United States government through construction contracts, was examined today before Special Examiner Richard Wyman. The matter now in question is in connection with the civil suits filed in the United States Circuit Court against Carter and some of his relatives for the recovery of the property. The entire case has been referred to Special Master Wyman to take testimony and report.

During today's examination an effort was made to show that Benjamin J. Greene and John F. Gaynor, the con tractors alleged to have been implicated with Carter in defrauding the government had loaned Carter money and placed him in a position so that when he was made engineer in charge and had the letting of contracts they might have a claim upon him. Carter declared that he never borrowed money from Greene or Gaynor, but that he had written them concerning his investments so that they could also invest. The examination will be taken up again tomorrow.

New York, Sept. 25.—Frederick E. Carlton, a commissary steward in the New York navy yard in Brooklyn, was found guilty today of bigamy. Carlton had four wives. His first and lawful wife was Willetta S. Bird, of Brooklyn, whom he married under the name of James E. McCandless. Subsequently, he married Lulu Kettering, of Rochester, N. Y., in 1897; and two other Brooklyn women, one in 1903 and the other in 1904. Sentence will be imposed later. BUILDING COLLAPSED.

Thirty Workmen Carried Down and Score Injured.

Buffalo, N. Y., Sept. 25.—With a crash that could be heard for blocks a three-story brick building under course of construction on West Ferry street collapsed this afternoon carrying down with it 30 bricklayers and carpenters who were at work in and on top of the structure. A score of the men were injured, eight of them seriously. The men were working on the third story today when the west wall went down carrying with it a portion of the front of the building and a section of the rear wall. That there was not serious loss of life was due to the fact that there was no roof on the building, and that the mass of brick fell out toward the street.

FEVER CONDITION IS DISCOURAGING

Thirty-four New Cases on Sunday and Monday in Pensecola

THE WHOLE CITY IS INFECTED

New Orleans Had 37 New Cases and Three Deaths, Making Totals 2,868 Cases, 370 Deaths—Serious In Country.

By Wire to The Morning Star

New Orleans, September 25.—The following is the official report of the yellow fever record in New Orleans up to 6 P. M. today:

New cases today, 37.
Total cases to date, 2,868.
Deaths today, 3.
Total cases to date, 370.
New foci, 7.
Cases under treatment, 208.
Discharged, 2,216.

The usual large report of new cases in New Orleans for Monday as was given out today, showing almost as many additions to the list up to noon as were reported for all of yesterday. Several of the new cases were unearthed Sunday as "suspicious" and the investigation was not completed until today. Outside of New Orleans the fever shows an annoying persistency to hold on with no serious increase of infection or foci.

Two of the local theatres have opened and are doing a flourishing business. Two more are to throw open their doors next week. The railroads report a large increase in their incoming passenger business, indicating the return of Orleanans who have been away.

The great majority of the new cases being reported lately come from the seventh and eighth wards which developed into the real battle ground of the fever campaign as soon as the situation in the original infected district was placed under control. Today's report shows most of the new cases in that territory.

Serious In Country.

News from the country indicates two new points of infection, one in Avoyelles parish and another in Assumption parish. The country reports were: Kenner, eight cases; Tallulah and vicinity, eight new cases; Alexandria, two new cases; Lake Providence, nine new cases; Borodine, one case; near Napoelanville, one case; two suspicious; Bayou Bouef and Amelia (six days), 13 new cases; Terre Bonne parish (two days), 47 new cases, four deaths; McDonoughville, one new case; Fisher's Camp, Barrataria, four new cases; Patterson, 26 new cases.

Spreading at Hamburg.

Jackson, Miss., Sept. 25.—The yellow fever infection at Hamburg is spreading rapidly, nine new cases, four suspicious cases and one death being reported today. Ten new cases are reported from other infected points.

Pensacola Hopless.

Pensacola, Fla., Sept. 25.—Twenty-five new cases of yellow fever were reported by physicians to the State health officer for the 24 hours ending at 6 o'clock tonight. This makes 34 cases for Sunday and Monday. One death was reported today, the victim being John F. Wilson, 237 East Intendenoia street. The situation tonight is rather discourging, as the cases are scattered all over the city and all hope of checking the disease before the appearance of frost has been practically abandoned.

Four cases of yellow fever have developed on board the German steamer Bremen which has just finished loading for Bremen and the patients were tonight brought ashore and placed in the fever ward at Saint Antonio's hospital. The steamer was discharging ballast at Palfox wharf for several days before beginning to load outward cargo and it is thought the infection took place there. Captain Martin was the first one afflicted and had entirely recovered before his illness was known. The vessel is now undergoing fumigation.

One case of yellow fever has been discovered near Brent station five miles north. The patient has been employed on the quarantine cordon about the city. One suspicious case has also been reported from Milton, 18 miles east of here.

Instructions were received today from Surgeon General Wyan to proceed forthwith to the establishment of a dtention camp near McDavid upon government land. This camp will accommodate one hundred and applications from nearly two hundred have already been received.

LITTLE BANKS NOT IN IT.

Kansas City State Bank Can't Compete With Big Concerns.

By Wire to The Morning Star

Kansas City, September 25.—The Kansas City State Bank, Wiley O. Cox, president, failed to open its doors today, having gone into voluntary liquidation. The bank had loaned $168,000 to the Bank of Salmon & Salmon at Clinton, Mo., which failed last July catching depositors for several hundred thousands of dollars.

The Kansas City State Bank was organized in 1888 and had a capital of $200,000. The last statement showed loans of $4,000,000; deposits of $4,750,000; surplus, $14,000.

A notice was posted on the door saying checks would be paid on presentation to the Fidelity Trust Company, which is considered one of the strongest banking institutions in the Southwest At the Fidelity Trust Company Bank, checks on the Kansas City State Bank were honored as fast as presented. There was no show of commotion. Charles Campbell, vice president of the Fidelity Trust Company, stated that all checks drawn on the closed bank would be paid on demand.

Wiley O. Cox, president of the Kansas City State Bank made a statement saying: "Our business has not been growing for some time and we found it hard to hold our own with the larger instiutions. In fact, it looks as if the banking business as well as all other lines, is concentrating into the larger ones."

TO RECEIVE ROOSEVELT.

Goldsboro Wants Union Depot—New Corporations—Governor Returned.

(Special Star Telegram.)

Raleigh, N. C., Sept. 25.—Adjutant General T. R. Robertson arrived tonight and will be busy in his office tomorrow working out details for assembling the various companies of the North Carolina National Guards Thursday of Fair week, to participate in the reception to President Roosevelt. General Robertson says he feels confident nearly every company in the State will accept the invitation for this occasion. A committee from the Raleigh Chamber of Commerce is meeting with excellent success in raising a subscription fund of $600 necessary to provide provisions for the companies while in camp.

Citizens of Goldsboro have applied to the Corporation Commission for an order compelling the Atlantic Coast Line, Southern and Atlantic and North Carolina railroad companies to join in the erection of an adequate union depot there. The Commission is advised by the officials of the three companies that they will hold a conference very soon to, if possible, agree on some basis for such buildings. If they cannot agree the Commissioners say they will take a hand and see that a union station is provided.

Charters for two new corporations are issued for Sanford, viz: the Sanford Real Estate, Loan and Insurance Company, capital $50,000, by E. P. Wharton and others, and the Crabtree Drug Company, of Sanford, $5,000 capital by W. A. Crabtree and others.

Governor Glenn returned from his New England trip yesterday and spent to-day at his desk gathering up the threads of State affairs accumulated during his absence. He devoted some time to reading the evidence and report of the directors on the investigation into the circumstances of the death of Thos. Nall, but gives no statement as yet. He is enthusiastic over his New England trip.

FUNERAL OF EDGAR J. BEAR.

Remains of Young Wilmingtonian Interred Here Yesterday.

The remains of the late Edgar J. Bear reached the city from Salt Lake City Utah, on the Seaboard Air Line train yesterday at noon, and were carried at once to the home of the brothers of the young man, Messrs. I. M. and Henry C. Bear, Sixth and Princess streets. From the residence at 3:30 o'clock yesterday afternoon impressive funeral services were conducted by Rev. S. Mendelsohn, D. D., rabbi of the Temple of Israel, and immediately thereafter the remain were laid to rest in the family lot in beautiful Oakdale cemetery.

The funeral was with the full honors of the Benevolent and Protective Order of Elks, of which the deceased was an enthusiastic member and through the instrumentality of which relatives in this city were apprised of the death and assisted with the arrangements for burial. The Elk services were presided over by Exalted Ruler Thos. B. Carroll, while the eulogy was pronounced by Wm. J. Bellamy, Esq., of the Wilmington bar. Members of the fraternity and visiting Elks attended the exercises in a body. The floral offerings were very pretty and included a handsome design from Wilmington Lodge No. 532, B. P. O. E.

The pall-bearers were Messrs. Henry J. Gerken, Julius P. Taylor, T. B. Carroll, I. W. Solomon, Frank P. Donlan, Louis Goodman, W. O. Page and Joe N. Jacobi.

FRANK DESHON A SUCCESS.

Big Music Comedy Production to Capacity Business Last Night.

Frank Deshon and company of sixty-odd people in the musical comedy success "The Office Boy," were seen at the Academy of Music last evening by possibly the largest audience of the season. "Standing room only" was not to be had downstairs and there were no seats in the balcony.

The show gave fine satisfaction. Mr. Deshon himself was everything that could be desired, the other leads were in capable hands and the female portion of the chorus was shapely, good to look upon and well balanced in its singing. The music was tip-top all 'round, and the scenic embellishment of the piece was grand.

Perhaps a few of the more exacting were led to expect more than the average, but the Deshon type of musical comedy was all that a majority of the large audience last night would have.

DOUBLE CLYDE SCHEDULE.

Efforts Being Put Forth for an Extra Steamer.

The Fayetteville Observer announces the following: "The Cylde Line is to put another boat on the run between Wilmington and New York. This gives a double weekly schedule to and from Wilmington. The schedules will be Tuesdays and Fridays. It is expected that this will increase the river traffic to and from Fayetteville at least a hundred per cent."

It is learned here that it has not yet been definitely decided to put on the additional steamer, but that efforts are being put forth by business men of Wilmington to that end. There has been a phenomenal growth of freight and passenger traffic by Clyde Line between Wilmington and New York, but for the present there is nothing definite as to the additional steamer.

Haymakers to Feast.

Last night after the regular meeting of Eyota Tribe of Red Men, the Haymakers held forth for some time and made merry with a number of "Rubes" in the hay loft. It was decided at the meeting to go for an outing and an oyster roast at Mr. J. T. Mason's, on Wrightsville Sound, Wednesday night of this week. A special chartered car will leave Front and Princess streets at 8 o'clock and a good time is in prospect for all the jolly fellows who will take the trip.
